

SHIFT INTO A HIGH-PERFORMANCE TEAM

While you're kicking the tires on career opportunities, consider joining a firm with the horsepower to take your career from the starting line to the winner's circle.

For fifty years, MRM has gone full throttle when advising our clients by bringing them the best in talent and the latest in technology. But if we're going to keep firing on all cylinders for the next fifty years, we need something new. We need you.

We're looking for the next group of young soon-to-be accountants who want to be in the driver's seat of their futures. We need smart, talented students who are ready to race past theory and into the nuts and bolts of accounting. And you need a firm where your talent can shine, where your hard work is appreciated, and where you can move from the backseat to the driver's seat through professional and personal growth. If you are working towards your accounting degree and are ready to get behind the wheel of your future, then MRM is the right next step.

We don't need cogs in a machine. We need fuel.

If you are

- + Working toward an accounting degree,
- + Already developing technical knowledge,
- + Someone with strong interpersonal and relationship building skills,
- + A team player with a positive, 'can do' approach,
- + Someone with polished communication skills.

And if you want

- + Hands-on experience in multiple facets of accounting,
- + Mentoring that's more than just book recommendations and platitudes,
- + The confidence to enter the professional world of accounting,
- + A firm that wants to hire its interns.

Then MRM is the right choice for you.

MRM isn't a long haul.

WE'RE MORE LIKE A JOYRIDE.

MRM is a serious firm with serious clients and a serious future for you. But that doesn't mean we're serious all the time. MRM is also just people you want to work with. We're also a firm that actively helps our team members find work-life balance. We have awesome summer hours and a casual dress code because we believe enjoying your time on the clock is just as important as enjoying your time off it.

Most importantly, MRM is going to invest in you and your growth. We provide the unique opportunity to become a well-rounded accountant by working on multiple entity types in tax or by seeing an audit all the way from start to finish. We aren't going to force you into a specialization, but we will encourage you to be awesome in everything you do. Send your application to EMAIL and let's get fire this engine up.
